Professional Summary

Recent **B.Tech graduate in Information Technology** with good knowledge of **Java, object-oriented programming,** and **web development.** Skilled in creating **responsive** and **user-friendly web applications** using **Java** and **modern frontend frameworks.** Experienced in **understanding client requirements** and converting them into **effective solutions** with **clean UI** and a smooth **user experience.** Seeking an opportunity to work on **real-world software projects** and grow in a **collaborative team environment.**

Technical Skills

Languages: Java, JavaScript, HTML5, CSS3 | **Frameworks/Libraries:** Tailwind, Bootstrap | **Database:** SQL, PLSQL | **Tools:** Git, GitHub, Eclipse, AWS(Fundamentals), Figma | **Core Competencies:** OOP, DSA, Collections, Exception Handling, Multithreading, Responsive Design | **Soft Skills:** Adaptability, Collaboration, Problem-Solving

---

Education

Bachelor of Technology(B.Tech) in Information Technology   *Nagpur*
Priyadarshini college of engineering   *Dec 2021 – June 2025*
Aggregate: 83.30%

Academic projects

Realtime Phishing URL Detection Chat Application – Flutter | Python | Machine Learning | Front-end Technology
Minor Project | Team Size: 5 | Role: Frontend Developer

- Built **frontend using Flutter** with responsive design and user-friendly interaction.
- Integrated **UI** for **real-time phishing detection (90% accuracy).**
- Collaborated with team on **Python backend and ML model** for seamless functionality.

Language Translator – HTML5 | CSS3 | JavaScript
Web-Based Project

- Developed **multi-language translation tool** with speech-to-text functionality.
- Integrated **external APIs** for fast and reliable translation.
- Designed **responsive interface** for smooth user experience.

Burger Shop Website – HTML5, CSS3, JavaScript
Web-Based Project

- Built a responsive restaurant website with light/dark mode using HTML5, CSS3, and JavaScript.
- Implemented smooth animations and carousel features with **Swiper.js**.
- Focused on **modern UI design** and cross-browser compatibility.

Experience

Intern – Web Developer | Hunar Intern   *Jan 2025–April 2025*

- Designed and integrated **website functionalities**, enhancing user experience.
- Optimized code to achieve a **20% reduction in page load time**, improving overall website performance.
- Conducted **comprehensive testing and debugging** to ensure seamless functionality across all major browsers.

Certifications &Training

- **Full Stack Web Development Certification** – Hunar Intern, Remote | Jan 2025 – April 2025
- **Java Full Stack Development Training** – Giri's Tech Hub Pvt Ltd, Pune | June 2025 - Present

---

Achievement & Awards

- **Published research paper** based on final year project in *IJARSCT.*
- Successfully completed final year project on **Realtime Phishing URL Detection with Chat Application**.
